

### Sports Premium Impact 2015/16

- From 2015-16, 53% of our Year 5 and 6 children were involved in inter-school competitions
- Across the school, **94% made at least expected progress** whilst **12% made better than expected progress**
- Staff expressed an increased confidence in teaching certain areas of PE (staff questionnaire completed summer 2016). As we are continuing our professional relationship with a specialist PE teacher (Angela Oatley), staff confidence and skill should increase further next year in more areas of PE
- Improved coverage of all curriculum areas in PE lessons - all teachers have been following the Curriculum map devised by LB/ AO to ensure coverage and teaching all aspects of PE as suggested by the curriculum map at the correct times
- Implementation of 'Head, Hands and Heart' assessment framework to add challenge and variety of skills in lessons
- Sports and Health Week was a huge success. Funding was used to provide the children with opportunities to take part in the following activities during the week:
  - I. Basketball sessions from coaches from Manchester Giants
  - II. Curzon Ashton FC
  - III. Stalybridge Celtic FC
- Release time for the PE leader and specialist PE teacher to plan Sports day for KS1/KS2 with the main focus being that **all** children were active for the whole 2 hour sports day slot
- Creating healthy smoothies and fruit kebabs to encourage healthy eating
- Ashton Cricket Club (date to be rearranged for Spring 2017)
- Funding to equip Year 6 pupils with team-building skills and improve resilience in preparation for SATS/ high school by attending a day of climbing activities at Sky High
- Funding for sports resources/ lunch time equipment to ensure children are more active at play and lunch times
- Through our link with the Tameside Sports Partnership, we increased our participation in competitive, inter-school sport competitions events, providing us with evidence to achieve a Silver Mark for the second year running and getting us closer to achieving a Gold mark
- We provided our Year 5 and 6 sports ambassadors with training to allow them to provide more exciting and diverse sessions for our younger children at lunchtimes
- Through our link with a specialist PE teacher, we provided training for staff in line with what they perceived as their own needs for professional development in PE. We will continue to provide CPD next year based on the needs of our staff
- Through our link with the TSS, we have received curriculum teaching support from a specialist PE teacher who has worked alongside our teachers to up-skill our teaching in certain areas to provide a sustainable level of high quality PE in

the future. We have formed such a good professional relationship with this teacher, that we will use funding for 2016-17 to utilise her skills further to upskill and increase confidence in our staff

- Through our link with New Charter, we have been able to provide competitive football competition days for our pupils, making transition to secondary school easier for our older pupils
- Release time for the PE Co-ordinator has allowed time to work with other staff, liaise and plan with the specialist PE teacher and observe lessons across school
- Additional kit has been purchased to make the children feel a greater sense of pride and belonging when representing our school
- From data collected in October 2016, 68% of our children have been involved in extra-curricular clubs compared to 55% of children in Summer term 2016. The sport-based club attendance has risen from 16% in Summer term 2016 to 26% in Autumn term, increasing our participation in after-school activity.
- Outside agency (Manchester Giants) brought in to target girls in KS2 who don't attend clubs after school. The focus was a 'Change for life' club with a focus on health and well-being, resulting in noticeable increase in fitness as well as self-confidence in these girls
- Target for September 2016: invite specific children (who don't attend extra-curricular sports clubs) to a variety of new sports clubs
- 100% of our children have been involved in intra-school sport this year due to initiatives including the introduction of house teams across school and our Sports and Health week
- Funding for transport to a 'Mental Health and well-being' event which the PE leader and teaching assistant from year 6 were selected to present to high schools about our sensory and relaxation techniques used at HKSJ
- Release time for PE leader to organise and run a charity event to raise money for The Christie

**Target tracker Progress 2015-16**

Expected = w on target tracker

Better than expected = s or above

Year 6 - 31/31 expected, 14/31 higher
